Vaccination information

We require all guests be current on their DHPP, Rabies and Bordetella vaccinations (Leptospirosis is mandatory). **Please check which vaccinations are up to date:**

DHPP Rabies Bordetella Leptospirosis

Proof of vaccinations must be shown upon first visit and annual updates thereafter. The Bordetella vaccination can be administered using 3 different methods; Intranasal (3 day incubation), Oral (5 day incubation) and Injection (14 day incubation). Incubation periods must be followed prior to boarding at J&K Dog Care. Please inquire with your veterinarian. A flea program is also recommended.

If my pet requires any special care for geriatrics, medicating, etc. I authorize J&K Dog Care to provide that care. I agree that I am solely responsible for any damages that the above mentioned pet may cause through malicious or improper conduct. I agree all shots are current, including Bordetella . I also understand that even though my dog is vaccinated for bordetella, it may not prevent my dog from getting it.
